

Application for EnergyWise Electric Heat

Service availability monthly charge is \$43.50
General Service rate is \$.113 (summer June-August rate is \$.127)

This Agreement made and executed the _____ day of _____, 2011 by **Arrowhead Electric Cooperative, Inc. ("AECI")** and _____.
(Please PRINT Member's name)

This page must be FULLY COMPLETED PRIOR to any ENERGYWISE heat meter or subtract meter BEING ENERGIZED
Member agrees to participate in the following **TWO Meter** Electric Thermal Storage (ETS) Program (**choose only one**)

- # 1 **ETS Water @ \$.0464/kwh:** The Member's water heater(s) must comply with AECI rules (typical 80 gal. minimum) Water is controlled 16 hrs every day (charging only 8 hours in a 24 hr period).
- # 2 **ETS Heat @ \$.0464/kwh:** The Member's space heating system must be sized properly to deliver heat to the entire premise by storing heat produced from electricity during off-peak periods (charging only 8 hours in a 24 hr period).
- # 3 **ETS Heat and Water @ \$.0464/kwh:** Same as BOTH ETS Water and Heat as listed above.

Rates subject to change based on latest applicable rate schedule and may be adjusted or discontinued at any time with out notice.

Note: Your space heating system must be capable of providing your entire home's heating requirements by storing heat produced from electricity during off-peak period(s). Please remember that all households have differing heating and hot water needs, so you must size your heating system and water heater according to those needs.

I, the undersigned Member, hereby certify to AECI that the present ETS space heating system is sized properly for the entire heating load of the electric service at the following address:

_____. **I further agree that if that space heating system does not provide enough heat from storage to heat my home during the on-peak portion of the day, AECI shall not be liable for any economic loss, personal injury, or property loss that results. I further agree that AECI shall not be liable for any economic loss, personal injury, or property loss that results due to the unsatisfactory operation, malfunction, or inadequate storage capacity of the heating system.**

Return agreement with hook-up fee of \$150.00 for each radio receiver switch.

Failure to participate in the program for a minimum of one year may preclude this service from being eligible for other EnergyWise heating programs now or in the future. Member agrees to allow the Cooperative to inspect the installation and operation of the radio receiver device at all reasonable hours.

Member agrees to participate in the following **TWO Meter Dual Fuel-Interruptible Program (choose only one)**

- # 4 Dual Fuel-Interruptible Heat @ \$.057/kwh:** The Member's secondary heating system must be sized properly to deliver heat to the entire premise. AECI may control heat up to 12 hours during peak and up to 400 hours per season. Secondary heat system must have an automatic thermostat control.
- # 5 Dual Fuel-Interruptible Heat & Water @ \$.057/kwh:** Same as Dual Fuel-Interruptible Heat as listed above and the water heater(s) must comply with AECI rules (typical 80 gal. minimum) water is controlled 16 hrs every day (charging only 8 hours in a 24 hr period).

Interruptible back-up heat is: _____
(fuel oil or propane fireplace/boiler/furnace, storage heaters located to prevent freezing pipes)

**Rates subject to change based on latest applicable rate schedule
and may be adjusted or discontinued at any time with out notice.**

Note: Your secondary space heating system must be capable of providing your entire home's heating requirements during ON-peak period(s). Please remember that all households have differing heating and hot water needs, so you must size your heating system and water heater according to those needs.
